On the area of nearly three hectares, a leisure and sports complex was created. The heart of the object is swimming pool complex consisting of a recreational pool with swimming section (four 25 meters lanes) and a recreational section with water attractions. For the youngest kids, a paddling pool with water umbrella and „Elephant” slide were built. Additional attractions included in the complex are playground, volleyball and football sand pitches, slides and food point.

During the summer season, the swimming pool is open every day from 10:00 to 20:00.
